

5625 W. Waters Ave., Suite E. Tampa,
FL 33634

PROFILE & BACKGROUNDER

- Overview:** KUDUCOM™, formerly PBX-Change, is a 25-year-old full-service provider of voice, data, cloud, and Internet services with a customer centric focus.
- Vision:** We strive to be a true partner by providing a single resource for all voice, data, and internet services. We make real connections within the business community to deliver seamless communication solutions.
- Mission:** KUDUCOM is dedicated to keeping businesses connected by providing advanced communication solutions with a customer-centric focus.
- Partnerships:** Premier CISCO Systems Partner
Certified Cisco Webex Contact Center
Certified Siklu Partner
Approved Mimosa Partner
Approved Cambium Partner
- Support:** We provide our clients with 24/7/365 support with our own Tampa personnel.
- History:**
- 1998:** Founders Martine and Muli Yaldor created Y-Tech Solutions and quickly took over the Tampa branch of Automated Office Systems, which had been serving central and south Florida since 1960.
- 2000:** Tampa Bay DSL was founded to provide Internet connectivity to the greater Tampa Bay area.
- 2006:** The company expanded into hosted telecommunications, created PBX-Change, offering cloud-based systems, and partnered with Broadsoft.
- 2010:** Transitioned our company focus to primarily our Voice, Cloud & Internet Solutions.
- 2016:** State of Florida approved TampaBay DSL Inc as a registered CLEC (Competitive Local Exchange Company).
- 2022:** Official recognized by Hillsborough County, Florida DOT and City of Tampa as a registered utility provider putting us on the same footing as other "traditional" carriers.
- 2023:** PBX-Change rebranded to KUDUCOM to place emphasis on being a single source full-service communications provider to businesses in the Tampa Bay area and beyond.
